- Drainage patterns: s-trap
- Direct flush, Rimless
- Flush volume: 3 / 405 l
- Installation: floor standing
- Seat & cover: soft close
- Outlet: vertical outlet
- Material: grade a sanitary ceramics

## Material

bthäus' sanitary ceramics are sustainably manufactured using natural materials. This premium quality material is then fired up at 1200 °C to meet the highest requirements in durability and hygiene. Additionally, different glazes, such as, CeramicPlus and AntiBac, are added to the sanitary ceramics to ensure antibacterial protection and dirt-repellent surfaces.

- This premium quality material is used to craft all bthäus' washbasins, toilets and bidets.
- Highly resistant to knocks, scratches and impacts.
- Durable and hygienic, due to the additional glazes

## Product Type

This water closet is close coupled mounted on the floor.

Benefits:

- Model is primarily available as washdown pans
- Easy Installation
- Minimizes odors
- Suitable for numerous drainage solutions

## Cleaning and Care

bthäus' sanitaryware is generally resistant to household acids and alkalis, therefore, a simply damp cloth will suffice for daily care. Bathroom cleaners are ideal for water marks, residual grease, soap and limescale deposits. For tough stains, CERAMIC The modern classic Ceramic 5 Particular is recommended for residue or stains containing high amounts of fluorine. For even tougher stains or residues, a non-abrasive liquid or cream bathroom cleaner, with a soft sponge will do the trick.
